ADDRESS TO

—THE—

NERVOUS AND DEBILITATED,

WHOSE SUFFERINGS

HAVE BEEN

PROTRACTED FROM HIDDEN CAUSES,

AND WHOSE CASES REQUIRE

PROMPT TREATMENT

to Render Existence Desirable.

NOW, READER,

If you are suffering or have suffered, from
any of the maladies which effect the nervous
system, you are healthy. Do you feel
weak, debilitated, easily tired? Does a little extra
exertion produce palpitation of the heart?
Does your liver, or urinary organs, or your kidneys,
frequently get out of order? Is your urine
sometimes thick, milky or frothy, or is itropy on
settling? Does a thick crust rise to the top?
Does your sediment settle after a few hours,
or will it not? Do you have spells of fainting, or
rashes of blood to the head? Is your memory
impaired? Is your mind constantly dwelling on
this subject? Do you feel dull, listless, moping,
tires of company, of life? Do you wish to be
left alone, to get away from everybody? Does
any thing you see or hear affect you? Is your
eye as brilliant or restless? Is the luster of your
eye bright? The bloom on your cheek as
bright? Do you enjoy yourself in society as
well? Do you pursue your business with the
same energy? Do you feel as much confidence
in yourself? Are your spirits down and flagging,
too tired to fling up much energy, so as to
do you any good? Are you restless
nights? Your back weak, your knees weak, and
tend have but little appetite, and you attribute
this to dyspepsia, or liver complaint?

IDIOCY, LUNACY, PARALYSIS,

spinal affections, sciatica, and almost every other
form of disease which humanity is heir to, and
the cause of the trouble secretly ever sus-
pected, and have doctored for all but the right
one.

Diseases of these organs require the use of a
Dietetic.

HELMBOLD'S

FLUID EXTRACT

BUCHU

is the great Diuretic, and is a certain cure for
diseases of the Bladder, Kidneys, Gravel, Disease,
Organic Weakness, Female Complaints, General
Dobility, and all diseases of the Urinary Organs,
whether existing in Male or Female, from what-
ever cause originating, and no matter of how
long standing.

If no treatment is submitted to Consumption
or Insanity, cureless. Our flesh and blood are
supported from these sources, and the health and
happiness, and that of posterity, depends upon
prompt use of a reliable remedy.

RUIN THEIR CONSTITUTION,

but also those they do business with or for.

How many men from, badly cured diseases,
from the effects of self-abuse and excesses, have
brought about that state of weakness in those
organs that has reduced the general system so
much as to induce almost every other disease—

APOLOGY.

We have been moving our office, and consequently, have been unable to get out our paper in regular form. Unless something unforeseen happens we will have things running along as usual after this issue.

TOWN AND COUNTY.

HUMBUG.—A humbug of surpassing note held forth in this town last week, on Wednesday evening. A lecturer named St. Clair, accompanied by a sister who was said to be a renowned vocalist, exhibited on the occasion mentioned, and were to have treated the eyes of the Millertonites to a view of a series of magnificent panoramic scenes. The male chaperon of the fair humbugresses opened the meetin' by announcing that on account of the non-arrival of their calcium lights they could not exhibit their pictures, and then proceeded with a long-winded apology for Mormonism, after which Miss Fannie St. Clair warbled, in a most excruciating manner that choice, new ballad, "Love Among the Roses." The male St. Clair then entertained the audience with a little more jaw-bone, and then the "Petite Queen of Song" trilled forth another joyous lay. The he St. Clair then gave the audience another jaw-bone solo. "The traveler and lecturer," Miss Ellen A. St. Clair, then spoke her piece, much after the style of an eight-year-old school girl. Another tune on the jaw-bone by St. Clair, who, by the way, produces on that member those sounds which emanate from an enormous lyre only—another discordantly sweet song by Miss Fannie, and a little more jaw-bone by the male St. Clair, and the meetin' adjourned. The general impression is that somebody was sold.

A VERY pleasant party took place at Henry's hotel, in this place, on Monday evening last, the occasion being the marriage of Mr. Frederick Boman. It was well attended by the citizens of our town, and everything passed off in a pleasant and harmonious manner.

THE Photographic Gallery of Mr. Frank Dusky will open in this place on Monday the 23d. Persons desirous of having pictures taken should call soon, as the proprietor intends remaining only ten days. The reputation of Mr. Dusky as an artist is too well known to need any comments at our hands.

TEMPERANCE LECTURE.—The temperance lecture at the Court House in this town, on last Friday evening, delivered by Mr. Isaac, was very good, and was attentively listened to by a large and appreciative audience. After the lecture the Millerton Lodge of Good Templars met and thirteen new members joined.

M. J. M. DUNLAP, the courteous and accommodating Jehu, who holds the ribbons for Mr. P. Bennett, on the Millerton and Hornitos division of his stage line, has favored us with the latest Stockton papers, during the week past, which favors we gratefully acknowledge.

A MEETING of the parents and others interested in getting up a festival for the children on Christmas Eve, will be held in the Court House on to-morrow evening at 7 o'clock. We hope the attendance will be general as we would like to see the project successfully carried out.

THANKS.—The thanks of this office are due, and hereby tendered, Judge W. T. Rumble, Mr. W. J. Lawrence and Mr. Jas. Hearn, for kindly assisting us in moving our material. Gentlemen, may you never want a favor.

VENISON.—Mr. Jas. Hearn presented us last week with a fine, fat haunch of venison. Having snacked our chops over several choice slices we can testify to the fact that it was most delicious. We gratefully acknowledge the compliment.

CHRISTMAS FESTIVAL.—An effort is being made to get up a Christmas Festival for the delectation of the little ones. It will consist of singing and recitations by the children and the distribution of gifts from a Christmas Tree.

THE stages are to run in connection with the cars at Modesto, after this week, so we learn. This will make a difference of forty miles in the stage travel from this place.

RELIGIOUS.—The Rev. J. H. Neal will preach in the Court House in this town on next Sunday morning and evening, that being the occasion of his regular appointment.

Nicaragua has a whole lake of mineral water.

THE music at the Springfield horse trots recently closed with "Old Hundred."

PRUSSIA possesses at the present time forty-eight commercial and industrial schools.

MARRIED.

Henry's Hotel, November 21st, 1870, by Justice W. T. Rumble, Mr. JOHN FREDERICK BOMAN to Miss LOUISA LUBER.

Accompanying the above we received a liberal supply of choice Hiedrick, and the health, prosperity and happiness of the couple were freely toasted.

A Body and Mind Disease.

Such is Dyspepsia. The stomach and the brain are too intimately allied for the one to suffer without the other, so that dyspepsia and despondency are inseparable. It may be added, too, that irritation of the stomach is almost invariably followed by irritation of the temper.

The invigorating and tranquilizing operation of Hostetter's Bitters is most powerfully developed in cases of indigestion. The first effect of this agreeable tonic is comforting and encouraging. A mild glow pervades the system, the chronic uneasiness in the region of the stomach is lessened, and the nervous restlessness, which characterizes the disease is abated. This improvement is not transient. It is not succeeded by the return of the old symptoms with superadded force, as is always the case when unmedicated stimulants are given for the complaint. Each dose seems to impart a permanent accession of healthful invigoration. But this is not all. The aperient and anti-bilious properties of the preparation are scarcely secondary in importance to it. If there is an overflow of bile the secretion is soon prodded into proper proportions and if the biliary organ is inert and torpid it is toned and regulated. The effect upon the discharging organs is equally salutary, and in cases of constipation the cathartic action is just sufficient to produce the desired result gradually and without pain.
